

JESTRO MAVERICK DE CASTRO

+63 929 203 4977 | jm.decastro38@gmail.com | <https://jmdc-portfolio.vercel.app/> | Quezon City, Philippines

EDUCATION

TECHNOLOGICAL UNIVERSITY OF THE PHILIPPINES

Bachelor of Science in Information Technology

San Marcelino St, Ayala Blvd, Ermita, Manila

September 2021 – August 2025

STI COLLEGE LIPA

Technical Vocational Course - Information Communications Technology

MK Lina St, Lipa City, Batangas

August 2019 – June 2021

WORK EXPERIENCE

National Telecommunications Commission

Bir Rd, Diliman, Quezon City, Metro Manila

Administrative Aide IV – Property & Supply Management Team

October 2025 – Present

- Processed and reconciled RSEPI, RSEMI, and RPCE records by identifying discrepancies, validating information, and coordinating corrections with relevant units
- Automated the conversion and digitization of reports into structured PDF outputs using Microsoft Access to enhance record accessibility and documentation efficiency
- Maintained inventory databases, stock cards, and procurement records through the use of Pivot Tables and VLOOKUP in Microsoft Excel to ensure accurate asset tracking and record management
- Performed end-to-end data encoding, processing, and validation within the department's internal system
- Participated in inventory audit and asset verification activities as part of the Inventory and Supplies Committee, helping ensure compliance with internal procedures and documentation standards
- Managed and validated Inventory Custodian Slips (ICS) and Inventory Transfer Reports (ITR), ensuring proper documentation and tracking of accountable items
- Supported physical inventory activities by preparing Actual Inventory Count Forms (ICF) and verifying Property, Plant, and Equipment (PPE) and supply records
- Conducted market research and supplier coordination to support procurement planning, quotation comparison, and price verification activities

Applications Developer Intern

February 2025 – May 2025

- Developed dashboards and automated reporting workflows using Microsoft Power BI and Microsoft Access to improve record monitoring, data organization, and reporting efficiency
 - Involved in the development and testing of *NTC Scan Check*, an internal mobile application for exam checking and validation processes, using Kotlin, Visual Studio, and Figma
 - Collaborated with team members in testing, debugging, and validating system functionalities and encoded data
-

SKILLS

- **Data Analytics & Reporting:**
 - Dashboard creation and automated reporting using Microsoft Power BI
 - Data validation, reconciliation, encoding, and structured record management
 - Experience integrating Excel and Microsoft Access data for reporting and visualization
 - Report preparation, inventory monitoring, and documentation tracking
- **Database & Technical Skills:**
 - Working knowledge of MySQL, Microsoft Access, and basic database querying
 - Proficient in HTML, CSS, JavaScript, Tailwind CSS, and ReactJS
 - Familiar with Node.js, Python, C, and C#
- **Audit & Operations Support:**
 - Inventory management, asset tracking, and accountability documentation
 - Experience supporting audit, verification, and compliance activities
 - Procurement support, supplier canvassing, and price validation
- **Technical Support:**
 - Basic troubleshooting of software, hardware, and network-related issues
 - End-user support for system usage, data processing, and workflow assistance

- **Software & Tools:**

- Skilled in Microsoft 365 (Excel, Word, PowerPoint) and Google Workspace (Sheets, Docs, Slides)
- Experienced with Figma, Canva, and Adobe Creative Cloud (Photoshop, Illustrator, Premiere Pro)

CERTIFICATIONS

- Computer Hardware Basics: Cisco - October 2024
- Introduction to Cybersecurity: Cisco - October 2024
- Introduction to Machine Learning: Art of the Possible - AWS Training and Certification - November 2024
- Digital Skills: Web Analytics - Accenture (via FutureLearn) - June 2025
- Digital Skills: User Experience - University of Leeds, Click Start and Institute of Coding (via FutureLearn) - June 2025
